REVOLUTIONIZING FLAMES

www.pryzmfires.com

WELCOME

A PRYZM fireplace could be a rewarding addition to your home and its value. Since the foundation of our parent company in 1964, we have successfully continued to grow from our base in the North East of England. Every product is designed here in the UK by our in-house development team.

Over 60 years of continuous innovation and development has provided us with a collection of fires and fireplaces to suit any interior and lifestyle, whilst always adhering to our founding principles of elegance and simplicity. This timeless quality means your chosen fireplace will always be comfortably in agreement with your tastes in furnishing and décor.

You can rest assured that our fires are engineered, produced and tested for peak performance and reliability.

Our designs keep up with changing lifestyles and include features which only we can produce thanks to our investment in the latest machinery and technology. At the same time, we depend on our craft skills to hand finish and polish each marble or timber piece to perfection. It is this balance of innovation and heritage that makes your PRYZM fireplace uniquely special.

As part of the BeModern® Group we manufacture a range of products in house, to include, surrounds, fires and fireplaces in marble and timber, as well as steel and cast stoves. Our bathroom range suits both the traditional and contemporary home.

UNIQUE FLAME & FUEL BED EFFECTS

SIT BACK, RELAX AND PREPARE FOR A SPELLBINDING PERFORMANCE AS YOU BRING THE PRYZM TO LIFE WITH ONE CLICK OF THE CONVENIENT REMOTE CONTROL.

It's the unique 5D flame effect which makes this centrepiece so unique and desirable. Discover the full, dramatic expanse of the panoramic screen as the fuel bed ignites with a hypnotic and mesmerising display of flickering flames. Appreciate the full contours of each LED flame which will dance before you upon a bed of ultra-real logs.

Remaining cool to touch, you will be forgiven and permitted to reach out and admire the handcrafted and hand painted logs, finished to a level of realism and artistry that will astound you. Locked into place and strategically positioned to create a natural composition, the logs will glow with smouldering illumination when your fireplace is ignited. For added depth, a secondary internal glowing log bed rests behind the glass, adding a deeper 5th dimension of illusion and enchantment. It's truly mesmerising.

WHY CHOOSE A PRYZM FIRE?

CONTEMPORARY AND INNOVATIVE SOLUTIONS FOR MODERN-DAY LIFE ENRICHMENT.

INNOVATION

- Quick, clean, and simple installation against any flat wall
- No messy building work needed
- Arteon, Verdant, and Volta require a hole in the wall or inset installation.

BRITISH STANDARDS

- Thorough testing of our products to meet high standards of quality, safety, and environmental performance

ECO DESIGN COMPLIANT

- Instant, comfy heat (2kW or 1.5kW)
- Supplement central heating or heat single room during cooler months
- Cool flame effect only option for visual enjoyment in warmer months

DESIGN REGISTRATION

- Industry-first electric fire with stunning 5D flame effect for realistic visuals
- Unique surround design for exclusive investment in your electric fireplace

REMOTE CONTROL

7 DAY PROGRAMMABLE THERMOSTAT

MULTI LED EFFECT FUEL BED

- Distinctive fuel bed

ARTEON: 3 SIDED GLASS ELECTRIC FIRE

YOU'RE IN CONTROL WITH ENDLESS POSSIBILITIES.
CREATE YOUR ULTIMATE BESPOKE CENTREPIECE

Designed to allow for a 1, 2 or 3 sided installation, the Arteon 3 sided inset hole in the wall electric fire is an innovation in versatility and available in 3 convenient landscape sizes 1000mm, 1250mm, 1500mm & 2 portrait sizes 600mm & 750mm. The panoramic design creates a remarkable visual impact with 5D flame effect, glowing ember effect & new realistic, hand painted log display.

The multi-LED fuel bed has multiple dimmable colour options & rotation setting whilst down lights illuminate the loose logs. Customise your perfect fuel bed with the inclusive pebbles, bark, slate & crystals. The optional LED mood lighting kit simply works off the same remote control & pairs with the fuel bed lights.

INSET HOLE IN THE WALL ELECTRIC FIRE

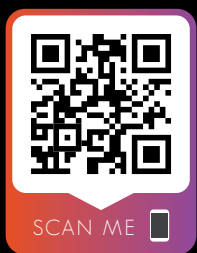

A BREATHTAKING DISPLAY OF DRAMATIC FLAME EFFECT AND LIGHTS BRINGS THE ARTEON TO LIFE

The Arteon 3 sided electric fire is designed to allow for a 1, 2 or 3 sided installation straight out of the box. The pioneering design with exceptional 5D flame effect creates a remarkable visual impact and draws the eye to the shimmering fuel bed within.

Design your perfect fuel bed amongst the realistic, hand painted loose log display; crystals, pebbles, slate and bark allow for a multitude of displays which is beautifully illuminated by the down lights. Optional mood lighting can be easily adapted and controlled with the touch of a button on the same 7 day programmable thermostat remote control that selects the colours and settings for the fuel bed.

The heater system gives a comfortable 1.5kW heat output; absorb the ambience of the multi-LED effect fuel bed with 13 dimmable colour options and rotation setting.

HOLE IN THE WALL

PRYZM:

DEFIANT IN STATURE AND SUPERIOR IN STYLE,
THE PRYZM MAKES ITS PRESENCE FELT,
ADMIRING AND DESIRED.

INTRODUCTION TO TIMBER

The innovative design and smooth, clean lines combine to achieve the unique silhouette making PRYZM fireplaces so distinctive. To ensure that the proportions marry your interior allowances, the PRYZM in a timber finish, is available in a choice of colour options.

Let PRYZM transform your home to a whole new level of contemporary living. Appearing to defy gravity, these wall mounted or floorstanding centrepieces will confidently grace your wall. Quick and easy to install, the look could not be easier to achieve with no need for a chimney or flue and no messy building work.

A removable plinth is available as an optional extra, if desired on the Vardo suites. Simply slide the plinth into place to give the look of a floorstanding fireplace.

HAND FINISHED TO PERFECTION.

INTRODUCTION TO MARBLE

Our micro marble PRYZM fireplaces are a statement centrepiece which radiates elegance and sophistication.

Strong, smooth and cool to the touch, the beautiful variegated micro marble surface can only be fully appreciated first hand. Look, feel and admire the authentic finish created by small pieces of real marble which are finely crushed and reconstituted to give an authentic finish, without any natural imperfections.

Bold and dynamic, there is no denying the dramatic visual impact of this distinctive fireplace. Yet this dominant showpiece has the added ability to blend harmoniously with contemporary trends and interiors.

UNIQUE FLAME & FUEL BED EFFECTS
ACROSS A STUNNING RANGE OF DESIGNS

INTRODUCTION TO FIRES

Whatever kind of fireplace you choose, the centre attraction is the fire itself, inset into the back panel, or hole in the wall to create a modern aesthetic.

Whether you are replacing a gas or coal fire or installing a natural focus to a room with no existing fireplace, choosing electric allows you to connect with clean, instant, efficient and thermostatically controlled heat.

BENEFITS

With an electric fire you don't need to generate heat to enjoy its comforting glow. The LED flame effect only control option, lets you experience it any time of the day or year.

EFFICIENT

Enjoy the convenience of efficient, instantly controllable heat and clean maintenance free living. By itself the LED only effect consumes between 9 & 21 watts of energy.

UNIQUE FEATURES

-  Up to 2kW or 1.5kW* heat output
-  5D flame effect with three flame colour settings
-  Multi - LED effect fuel bed with upto 13 colour options and rotation setting*
-  LED effect fuel bed with 5 brightness settings
-  7 Day Programmable Thermostatic remote control
-  Basic Remote Controlled
-  7 Day Programmable Smart Device Controlled*
-  Eco Design Compliant
-  Realistic, hand painted, loose log display
-  Down lights illuminate the loose logs
-  Panoramic glass screen for optimum flame performance
-  Glowing ember effect
-  Glass Fronted*
-  Open Fronted*
-  App Controlled*

Offered in 2 sizes, the 900 portrait or 950 landscape, the Elsie electric fire comes complete with a 7 day programmable thermostatic remote control, providing up to 2kW of heat output or flame effect only setting. The glass fronted flame effect offers three settings incorporating orange and red LEDs and five brightness settings for optimum ambience.

ARTEON 16 & 22

INSET ELECTRIC FIRE

GLASS FRONTED, APP CONTROLLED ELECTRIC FIRE

ARTEON 16 is the next generation of PRYZM glass fronted inset electric fires that are App controlled, remote controlled (with simplified functionality), as well as manually controlled. The official my PRYZM App is the most comprehensive way to schedule, control and customise your PRYZM electric fire's heat and lighting, all from the palm of your hand.

Whether you wish to simply turn on your electric fire's heating on an autumnal evening or programme in a full 7 day heating schedule cycle over the winter, the my PRYZM App does it all with ease.

NEW

CONTROL YOUR FIRES FROM YOUR SMARTPHONE

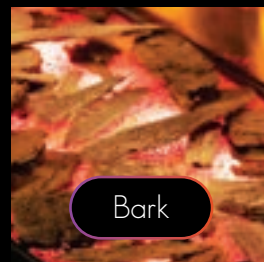

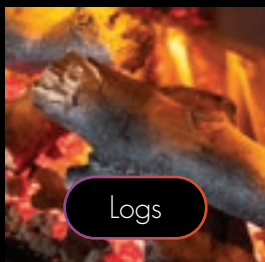

THE NEXT GENERATION

The my PRYZM App lets you effortlessly create the ultimate ambience for your living space. Whether you are looking for that traditional flame effect, after something ultra-modern or creating your perfect seasonal themed light show with the many colours available.

Available in multiple fascia designs. Choose from Ray, Devotion, and Cast Stove Front for the ARTEON 16, and Ray and Cast Stove Front for the ARTEON 22. These timeless designs perfectly complement the ARTEON, while spacer frames are available for the Ray and Devotion fascia options, reducing the rebate to 75mm. Elevate your style with the ARTEON collection.

16 RAY FASCIA

The Ray fascia has a modern minimal profile and is ideal for marble or timber surrounds. Available in a choice of 2 finishes.

 **MADE IN BRITAIN**®

UK Registered Designs

PRYZM hold design copyright and registration of design for its product ranges. PRYZM are continually striving to improve and develop their range of products. It is important, therefore, to check details before ordering as sizes and specifications may change without prior notice. Whilst every effort is made to ensure accuracy and colour, it is not always possible to obtain perfect reproduction because of the materials and printing processes used.
